Data Source: Maine Integrated Youth Health Survey, K&3 grade.

Based on school nurse oral health assessment.

Data for this variable was is not available county or public health district.

All percentages are weighted to be more representative of the population of Maine students and to adjust for non-response.

95% CI = 95% Confidence Interval.

** All racial categories are non-Hispanic except for "Hispanic."

Note: Due to missing data, the sum of demographic categories may not sum to the overall total.
